*This recruitment officer is using a lot of very particular words.*

Hello! You think you can be a secret agent - grab a whiskey and listen up. Oscar and Romeo speak highly of you, but it takes more than that to make it into Delta Force. We run missions everywhere: you might be parachuting into the Sierra Nevada one morning and meeting another operative at Papa John's that night. Echo if you understand, Recruit! It's not all about fun and games, old Romeo failed to mention the Sierra Nevada missions, didn't he? Echo me, Recruit! This November, we are looking for recruits, but I'm not convinced you can tango, partner. It is not as glamorous as the movies make it out to be - this is a serious business with serious risk, Recruit. I can't hear you echo! We can give you a trial for the month of November; I will be surprised if you last. Your contact for the probationary period will be Agent Charlie - do not forget to echo back any information you receive.
