

# Kevin's Puzzle of the Week

## Time Heist

Seven time bandits have gone back and stolen the wonders of the ancient world, bringing them home with them. Can you determine who stole each wonder, and where they took it?

The seven heists were completed one after another. In order of theft, the crimes involved the Lighthouse, the thief named Eclipse, Stockholm, the Colossus, Bennett, the Hanging Gardens, and Brussels.

Atticus stole his wonder some time before the bandit from Bangkok.

Charlie committed her robbery sometime after the thief from Nairobi and sometime before the Temple of Artemis was stolen.

Gabriel stole one of the wonders.

The Statue of Zeus was stolen immediately after the thief from Chicago completed their heist.

Delaney brought her wonder back to her home in Sao Paolo.

The Mausoleum was relocated to Manila. No other ending city shares a first letter with its crook or the first word of its wonder. Also, no thief shares their first letter with the wonder they stole.

Fischer created a time paradox by stealing the only wonder which exists in the present day.

| ORDER | THIEF | HOMETOWN | WONDER                       |
|-------|-------|----------|------------------------------|
|       |       |          | Colossus of Rhodes           |
|       |       |          | Temple of Artemis at Ephesus |
|       |       |          | Pyramids of Giza             |
|       |       |          | Lighthouse of Alexandria     |
|       |       |          | Mausoleum at Halicarnassus   |
|       |       |          | Statue of Zeus at Olympia    |
|       |       |          | Hanging Gardens of Babylon   |
